

Free Magazine via your local library

Below are the titles of magazines that you can download or view via your ipad or tablet devices for free each month once you have a membership set up with Libraries NI you just need to over 16.

The magazines can be searched by genre and you can opt to subscribe to a magazine title(s) meaning each copy (weekly or monthly) will automatically be waiting for you when you log on. The genres of titles available are very wide so there should be something for everyone's taste.

From the 1 April 2021 eMagazine service will be available through the Libby App. This is our current app for eBooks and Audiobooks and the new service will start to show on the Libby App from the 1 April onwards.

The RB Digital app will remain in service until the 30 April and this will give customers time to move across to the Libby app. For eNewspaper readers this service will remain on RB Digital for now and we hope to provide further information during April. Please keep visiting the Libraries NI website for further updates.
